Noted for Hardiness

Profusion of Bloom

and Gorgeous Colors

THIS PERENNIAL PLANT

A WORLD'S FAVORITE.

THE GAILLARDIA is perfectly hardy, very free blooming, will thrive in any ordinary border, is very useful for cutting, the flowers lasting a week in water, and is adapted for almost any floral arrangement. It grows about 2½ feet high, is of a bushy habit, and produces myriads of blossoms from June to October. It is of easy culture and we recommend it highly.
